

One and done: Harvard Pilgrim gives NHADA members access to a variety of high quality health plans

Working with the NHADA is a no-brainer because you get your needs met. We're a local, non-profit trade association that's been around since 1921 to serve as a solution center for the New Hampshire motor vehicle industry. Harvard Pilgrim, 50 years old and still going strong, is also a local non-profit company. They have been our exclusive health insurance provider for years. Together, we're focused on health solutions for today and tomorrow.

What do you get when you choose Harvard Pilgrim through NHADA?

 **True one-stop shopping.** Whether it's benefits enrollment, eligibility, or service resolution, NHADA takes care of it all. Call our customer service representatives for issues or questions, and you'll talk to a real person who will work with Harvard Pilgrim on your behalf.

 **People over profit.** We know what it takes to support a multi-cultural, multi-generational workforce. It's not about a bottom line; it's about coverage you can rely on and the right care for everyone, in the right place and at the right time. Harvard Pilgrim will offer you the best health care solutions available to meet your unique needs.

 **Provider networks offering choice and cost savings.** Harvard Pilgrim's extensive network covers six states, as well as national access through their relationship with UnitedHealthCare. Want to save more? Offer a smaller network plan which still includes a variety of doctors and hospitals with comprehensive coverage.

 **Unique savings programs.** Free eyewear with Vision Works, a fitness reimbursement, virtual video visits through Doctor On Demand on the device of your choice, and more. They're all included with Harvard Pilgrim.

**Want to learn more? Call Laurie Churchill
at the NHADA: (800) 852-3372.**

Harvard Pilgrim Health Care includes Harvard Pilgrim Health Care, Harvard Pilgrim Health Care of Connecticut, Harvard Pilgrim Health Care of New England and HPHC Insurance Company.
